EXPERIENCE

Full-stack developer Intern
[ITSkillsCenter](#)

📅 08/2024 02/2025 📍 Ogba, Ikeja
Itskillscenter

- Designed and developed** scalable web applications with React.js and Node.js, ensuring seamless performance.
- Implemented** authentication and authorization features using JWT for enhanced security.
- **Optimized** backend processes by structuring APIs efficiently and using best practices.
- Integrated** third-party APIs and managed data efficiently using state management tools.
- Collaborated** with clients and designers to deliver high-quality UI/UX solutions.
- Contributed** to real-world projects, improving frontend functionalities and debugging issues.
- Designed** and **implemented** reusable UI components using React and Tailwind CSS.
- Worked** with REST APIs to dynamically fetch and display data in web applications.
- Participated** in code reviews, enhancing project quality and coding standards.
- Built** a user-friendly ticket generator with form validation, image uploads, and responsive design.
- Integrated** Cloudinary for image hosting and IndexedDB for offline state persistence.
- Ensured** accessibility compliance for an inclusive user experience.
- Configured** email notifications using Nodemailer for automated updates.

EXPERIENCE

Frontend developer (Contract Based)

Monsieur Cruise LTD (RelateOs)

04/2025 06/2025 Remote

- Designed and developed** scalable web applications with React.js

Integration: Consumed APIs and Data fetching

Collaborated with clients and designers to deliver high-quality UI/UX solutions.

- Contributed** to real-world projects improving frontend functionalities and debugging issues.

Designed and **implemented** reusable UI components using Next.js and Tailwind CSS.

Worked with REST APIs to dynamically fetch and display data in web applications.

Participated in code reviews, enhancing project quality and coding standards.

Ensured accessibility compliance for an inclusive user experience.
