 [Portfolio](#)

Full-stack developer passionate about building user-focused web apps with React and Node. Strong in frontend performance, backend API logic, and scalable deployment. Eager to tackle real-world challenges with modern tech.

## EXPERIENCE

### ITSkillsCenter , Ogba, Ikeja —Full Stack Developer Intern (Full-time)

August 2024 - February 2025

**Full-stack Development:** Built scalable web applications using **React.js** (frontend) and **Node.js/Express.js** (backend), improving performance by 30% through code optimization.

**Security & APIs:** Implemented **JWT authentication** for secure user access and integrated **RESTful APIs** to streamline data flow between frontend and backend.

**UI/UX Collaboration:** Worked with designers to translate wireframes into responsive, accessible interfaces using **Tailwind CSS**, reducing load time by 20%.

**Backend Optimization:** Structured APIs using best practices (Swagger documentation) and integrated **Cloudinary** for image uploads, cutting storage costs by 15%.

### Monsieur Cruise LTD (RelateOs) , Remote —Frontend Developer (Contract)

March 2025 - June 2025

**Frontend Architecture:** Drove the build of a high-performance Next.js application, integrating REST APIs to deliver dynamic content and boosting page load efficiency by 25%.

**Component Library:** Engineered a scalable UI component library using **Tailwind CSS** and **FastUI**, reducing development cycles by 30% and improving

## SKILLS

### -Languages:

JavaScript(ES6+), TypeScript, HTML5, CSS3, Python

### -Frontend:

React.js, Next.js, AngularJs / RxJs, Tailwind CSS, Bootstrap 5, Context API, Ionic.

### -Backend:

Node.js, Express.js, REST/GraphQL APIs, Django

### -Authentication & Authorization:

JWT, sessions, middleware pipelines, and role-based access control.

### -Databases & Tools:

MongoDB, CRUD Operations, IndexedDB, Cloudinary.

### -DevOps & Testing:

Git/GitHub, CI/CD (Render/Vercel), Swagger, Postman, Thunderclient. Experience with build tools (Webpack) and modern bundling strategies. Docker, Putty, WinSp.

### -Other:

WebSockets, CORS, Middleware, Accessibility Compliance. Strong debugging, performance optimization, and cross-browser compatibility practices.

design consistency across features.

**Quality Assurance:** Executed thorough code reviews, debugging, and refinement workflows, ensuring **full WCAG accessibility compliance** and pixel-accurate interface delivery.

Key Project:

- **RelateOs 2.0**  
Tools: Next.js, Javascript, Tailwind CSS, FastUI, Vanilla CSS  
Delivered a **high-performance, visually polished UI** with advanced layout engineering, and interactive feature implementations.

## **Xpertech Solutions Group, Egbeda, Lagos — Frontend Developer (Contract)**

February 2025 - April 2025

- Collaborated closely with product designers and backend developers to build, improve, and maintain client-facing web projects.
- Delivered responsive, scalable UIs aligned with design specs and business goals.

Key Projects:

- **Fajiri Construction – [Fajiriapp](#)**  
Tools: React.js, JavaScript, Bootstrap, Vanilla CSS  
Developed dynamic UI components and integrated frontend functionality, enhancing user engagement and site performance.
- **Xpertech Solutions Website (WordPress)**  
Tools: WordPress, HTML, CSS  
Customized themes and optimized layout design to reflect brand identity and improve overall site responsiveness.

## **Monsieur Cruise LTD (RelateOs) , Remote —Frontend Developer (Contract)**

Sep 2025 till date

**Frontend Architecture:** Led the development of a Next.js application, consuming REST APIs to dynamically render data and improve page speed by 25%.

**Component Library:** Designed reusable UI components with **Tailwind CSS**, reducing development time by 30% for future projects.

**Quality Assurance:** Conducted code reviews and debugging, ensuring 100% compliance with accessibility standards (WCAG).

**Key Delivery:** Spearheaded UI development for **Sabitok (sabitok.com)**, shipping a visually striking, fast-loading interface with advanced layout engineering, responsive design patterns, and custom styling.

Key Project:

- Sabitok – [sabitok.com](https://sabitok.com)  
Tools: Next.js, Javascript, Tailwind CSS, FastUI, Vanilla CSS  
Delivered a **high-performance, visually polished** UI with advanced layout engineering, precise positioning, and interactive feature implementations — resulting in a fast, seamless, and engaging user experience.

## **Intexicon Limited , Remote —*Full-Stack Developer*** **(Internship)**

Aug 2025 till date

**Reusable Component System:** Built and maintained a scalable UI component library using **Tailwind CSS** and **FastUI**, ensuring consistency and reusability across projects.

**Quality & Accessibility:** Performed code reviews, debugging, and optimizations to deliver accessible, well-structured, and maintainable user interfaces compliant with WCAG standards.

Key Project:

- **Intexicon-Limited** – Built a high-performance, responsive frontend with **Next.js, TypeScript, Tailwind CSS, FastUI, and Vanilla CSS**, delivering a seamless and visually polished user experience.
- **Food-prices** – Developed a dynamic web app with **React.js, JavaScript, Vanilla CSS, React inline styling, Docker, Django, and Python**, enabling efficient data management and real-time UI updates.
- **Fusion Live** – Implemented an interactive interface using **React.js, JavaScript, Vanilla CSS, React inline styling**, initiated server side redeployment via **WinSP and Putty**, delivering reliable real-time functionality.

## **Shoft Africa , Remote —*Frontend Developer (Internship)***

Sep 2025 till date

**Frontend Development:** Created responsive and interactive user interfaces for mobile platforms using **Angular.js (RxJS)**, **Ionic**, **TypeScript**, **Tailwind CSS**, **FastUI**, and **Vanilla CSS**, ensuring smooth performance and a consistent design language.

**Component Design:** Developed a reusable component library to streamline UI implementation, promote design consistency, and accelerate development across multiple projects.

**Code Quality & Optimization:** Collaborated on code reviews, debugging, and performance improvements, delivering maintainable, accessible, and well-structured frontend solutions.

Key Project:

- **Oniduuru Mobile App** – Built a high-performance mobile app, responsive frontend with **Angular.js ( RxJs) / Ionic**, **TypeScript**, **Tailwind CSS**, **FastUI**, and **Vanilla CSS**, delivering a seamless and visually polished user experience.

## **EDUCATION**

### **Oduduwa University , Ile Ife, Osun State— B.Eng. Computer Engineering**

November 2019 - July 2024
